1. Waggonfabrik Weimar (SAG Transmasch) employs around 2,800 hands at the present time. The entire production for the year 1951 was delivered as reparations.
2. Production during 1951 was 497 "E" cars, 692 refrigerator cars, and 600 tank cars.
3. Production is much reduced at the present time, because of shortage of materials. Production of "E" cars fell from 60 in November to 40 in December; of refrigerator cars, from 76 to 24, and of tank cars, from 70 to 0.
4. The refrigerator cars are constructed for the installation of stoves, so that they can be converted for use as troop cars.
